SECOND INTERNATIONAL NUMISMATIC EXPOSITION
IN ROSTOCK JULY 6-14, 1968

Reported by Klaus Persing, Leipzig, East Germany

On the occasion of the "Baltic Week 1966", the first large international numismatic exposition was organized in the Rostock Region of the East German Republic. It became a highlight for the non-professional numismatists in the region.

Displayed at the exposition were proclamations, photostats of coins of various regions, dies, slides, collections of proclamations, gold scales, coin cases, saving boxes, coins, paper currency and numismatic books; a total of 3114 items on display. Judges awarded a total of 6 awards; one gold, three silver and three bronze.

This July 6th to 14th, which marks the occasion of the 750th Anniversary of the granting of City-rights to Rostock (1218-1968) and the 550th Anniversary of the Rostock University (1418-1968), the German Cultural Organization in Rostock will hold the Second International Numismatic Exposition of the Baltic countries; Norway, Iceland, former Hanseatic Cities and partner cities thereof. Connected with this exposition will be an international numismatic meeting. It will be organized for fellow-collectors, coin cabinets, museums, archives and other institutions which may wish to join in. The exposition will have no restrictions to participants.

Displays will include coins, medals, paper currency and numismatic photography and there will also be lecture and slide programs. Separate from the general exhibits, there will be on view exhibits of coin cabinets of the Berlin Mint, the State Coinworks of Meissen (Saxonia) and other museum collections. Also there will be an exhibit of seals, wax-seals and numismatic literature. Awards will again be made for the competitive displays.

During the exposition a collectors bourse will be held and also an international bourse. This should bring forth an international participation in the exposition.

No items will be accepted for display, sale or trading that depict Nazi-emblems, antihumanitarian and/or undecent subjects or descriptions.

A catalog describing the exhibits and listing the items to be on display was released in May by the sponsors of the Exhibition.

WHY I COLLECT COINS AND WHAT I EXPECT OF IT

by Timothy Boddington (Age 12), Birmingham, England

I collect coins mainly for the pleasure of it. I first started to take an interest in Victorian Pennies and collected them for quite a long time then I saw an article in the paper about valuable ones and became more interested.

I collect coins as I said, mainly for the pleasure of it, but also because we are turning decimal in a few years time and many people are hoarding sets of coins. Also Birmingham is very well known for her coins; the "KN" Pennies were minted a few miles from here.

I expect to have the pleasure, in future years, of looking back on the coins that we used to use and also showing them to my children.

On March 23rd I went to the Birmingham Coin Fair and thoroughly enjoyed looking around all the stalls. A few days later, on my twelfth birthday, my sister gave me a 1918 "KN" Penny, and since then, I have obtained two "H" Pennies in lesser condition than the "KN" one.

During the Easter holidays, while I was on a cruise around the Mediterranean Sea aboard the SS Uganda, my sister went to Amsterdam with Mummy and Daddy and brought me some foreign coins that Mr. Matthew J. van der Voort, a noted Dutch numismatist, gave her to present to me. She met Mr. van der Voort while visiting the "Flea Market" in Amsterdam. Since then he has sent me two very good Dutch coins and has greatly encouraged me in my hobby.

On my twelfth birthday I also had a packet of "coindex" envelopes and a "cointab" which has proved invaluable. I keep my coin packets in an "After Eight" chocolate box made by Rowntrees and I do not think Daddy is pleased because he works for Cadburys. (Editor's Note: two competitive candy companys in England).

I hope I will enjoy collecting coins for the rest of my life and I am almost positive that I will, thanks to my new friend, Mr. van der Voort in Amsterdam.

ROMANIA:

- _____ Y60 50 Lei 1939 and 1940
Recorded by Harris. Never seen on any dealer list, nor verified by any collector contacted.
- _____ Y61 100 Lei 1937, 1939 and 1940
Recorded by Harris. Never seen on any dealer list, nor verified by any collector contacted. The availability of 1936 and 1938 dated coins, plus the large mintage figure given by Harris for 1937 might indicate 1937 to be a mint-date rather than a coin-date.

SWITZERLAND:

Criticisms, corrections, additions and deletions will be most appreciated by the compiler, who has acted as a clearinghouse for a great many interested and helpful numismatic friends. The living know who they are. Special tribute is paid to the late Roy Donaldson and Dr. Kenneth M. Gaver.
